Communication Cube

Zurich Insurance Group is an insurance-based financial services provider with a global network of subsidiaries and offices in North America and Europe as well as in Asia Pacific, Latin America and other markets.

Zurich Taiwan occupies 9 floors in Fabulous Building, Taipei with a total area of 4,960 sq. meters, accommodating 31 departments and 454 employees.

The main concept is to celebrate communication among staff; therefore, the design places an emphasis onto interactive areas. All the meeting rooms consist of a 'glass box façade' design, to accentuate the concept. Communication booths are also designed as focal points to further encourage interaction and collaboration between all staff.

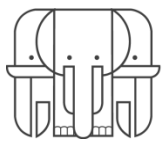

The 8 Zurich CI colours throughout the interior place an additional emphasis onto the interactive areas. Each floor is designed with a specific color, and the meeting rooms and communication booths are clearly indicated through the CI color choice for the carpet, fabric, and film.
